Wronged Girlhood's Defenceless In Face Of Appeal Court Verdict

Without disturbing the finding of seduction, the Court of Appeal judges by a divided judgment of three to two, today dismissed the \$10,000 damage award given by the jury to Miss Vivian MacMillan in her recent action against ex-Premier John E. Brownlee.

Chief Justice Harvey, Mr. Justice Mitchell and Mr. Justice Ford (who was brought in after the hearing commenced to take the place of Mr. Justice MacGillivray, who had been seized with illness) held that unless pregnancy results from a seduction or illness occasioning absence from employment, that a seduced girl cannot under the Alberta statute claim civil damages against her seducer.

Mr. Justice Clarke and Mr. Justice Lunney in dissenting judgments both hold that a seduced girl has a right of action under the Alberta statute by reason of the seduction and need not prove special damage.

BULLETIN TO APPEAL CASE PRIVY COUNCIL

C. E. Campbell, Publisher, and J. S. Cowper, Reporter, Seek Fees

The appeal of Charles E. Campbell, publisher, and J. S. Cowper, special writer of The Bulletin against the fines for contempt of court imposed upon them by Mr. Justice Vines during the Brownlee-MacMillan trial will be before the Privy Council.

This decision was reached on Saturday following word being received from Ottawa that Chief Justice Lyman Duff had handed down a memorandum on Saturday morning reading as follows:

"I have come to the conclusion that there is no conflict within the meaning of section 106 of the Criminal Code. The application is therefore dismissed."

The application referred to was for leave to appeal the judgment of Mr. Justice Vines on the ground that the defendants were sentenced without being given an opportunity of answering the charge on which they were convicted.

It was taken to the Supreme Court of Canada from the Alberta Court of Appeal for the purpose of exhausting all remedies in Canada, and counsel were instructed to appear in the Privy Council and to bring the case on during the March or April sittings of that body if possible.

Beauty Parlor Aide's Story Of Flames Quizzed

NEW YORK, Feb. 2.—Discovery of Mrs. Fannie Rivkin, 44, bound and gagged in her burning apartment Thursday, drew from Thomas P. Brophy, chief marshal, the statement that "There are some peculiar circumstances in her story. I am not satisfied at all."

Police officers who gave an interview a few days ago concerning the spending habits of a woman claiming Mrs. Bruno Richard Hauptmann, who visited her beauty parlor, told police she had been shackled in her blazing home by a man wearing a wig and false mustache.

As the intruder fired the blast she quoted him as saying, "You will burn now, damn you."

Police are continuing their investigation as are officials of the fire department.

Her proffered testimony to the Hauptmann prosecutors has been called in question.

A sensational story of seduction and an illicit affair that lasted three years was told by Vivian MacMillan, 23, above, in her damage suit against Premier J. E. Brownlee, 59, of Alberta in Edmonton court. She declared that she tried to escape from the affair.

HIGHER COURT TO BE ASKED FOR JUDGMENT

Bulletin Opens Popular Fund to Carry Up MacMillan Case

The majority judgment of the provincial Court of Appeal in the MacMillan-Brownlee seduction suit, which said she was damaged by the legal profession because of the first time in the Alberta courts a definite decision has been made as to the exact meaning of Section 5 of the Seduction Act, which reads:

"Notwithstanding anything in this Act an action for seduction may be maintained by any unmarried female who has been seduced, in her own name, in the same way as an action for any other tort and in any such action she shall be entitled to such damages as may be awarded."

It has popularly been held that the section means that any seduced girl can sue her seducer for damages, and that on proof of seduction she could succeed.

Now, by the three to two divided judgment of the Court of Appeal, it is held that seduction alone is not a sufficient cause for action, but that childbirth or pregnancy must result before a girl can obtain civil damages from her seducer.

WILL FILE APPEAL

Following the reading of the judgments of the five appeal judges, Neil D. Maclean, K.C., counsel for Miss Vivian MacMillan, announced that he would immediately file notice of appeal, which would take the case to a higher court. He believes that a higher court will adopt the view of Mr. Justice Clarke and Mr. Justice Lunney who hold that seduction, none of the children's pregnancy, is a sufficient cause for bringing a successful action for damages against a male seducer.

As the action now stands, Miss MacMillan and her father are held to have lost their case. The Brownlee, both at the trial of the action and for the appeal proceedings, have none of the judges have disagreed with the finding of the jury that Mr. Brownlee seduced her.

Justices H. W. Lunney And J. H. Clarke Not Agreed With Majority

By a split decision, the sitting justices dividing three to two on the matter, the appeal of Vivian MacMillan, former government stenographer, for the upholding of the \$10,000 verdict awarded her by a jury for damages for seduction by former Premier J. E. Brownlee, was dismissed with costs on Saturday morning.

Chief Justice Harvey, Mr. Justice C. R. Mitchell and Mr. Justice Frank Ford, the latter a member of the trial division of the Supreme Court of Alberta who was called in to the appeal following the sudden illness of Mr. Justice A. A. McGillivray during the hearing, found for ex-Premier Brownlee in the appeal.

Mr. Justice H. W. Lunney and Mr. Justice A. H. Clarke held that the decision of the jury should stand and that the damages awarded were not excessive.

BENNETT TO CONTINUE HIS REFORM PLAN

Will Ask for 8-Hour Day and 48-Hour Week's Work

By THOMAS WATLING

Relative to Dominion Bulletin OTTAWA, Feb. 2.—Continuing his legislative program, the Prime Minister intends to move two resolutions in the Commons on Monday further implementing his plan for the eight-hour day and the 48-hour week.

Mr. Bennett will ask parliament to approve a resolution concerning the application of the one day's rest in seven clause and another for the eight-hour day and forty-eight-hour week.

Mr. Bennett will ask parliament to approve a resolution concerning the application of the one day's rest in seven clause and another for the eight-hour day and forty-eight-hour week.

The hours clause is already in effect in government contract work, having been put into effect by Hon. Peter Horner, but delay in applying it generally through Canada has hitherto been due to the doubt as to the Dominion's power to enact such legislation. The Prime Minister intends to follow the same procedure as his unemployment insurance act and base his authority on the Dominion's power to enact such legislation. The Prime Minister intends to follow the same procedure as his unemployment insurance act and base his authority on the Dominion's power to enact such legislation.

Mr. Justice Frank Ford agreed with the majority of the trial judge should not be disturbed and agreed that the appeal of the plaintiff should be dismissed with costs.

Croons "Love In Blood" On Death March

NEW ORLEANS, Feb. 2.—Soon after he crowned for the entertainment of his cell-mates, hand-picked New Orleans club band, the jury turned murder in a paltry trial, was heard today.

The youth said he would sing on the way to the gallows. But after his rich voice had echoed through the jail, he was told by the jury that he was to sing the words of "Love in Blood" as he walked to the gallows. He took his last walk solemnly between two guards. He smiled and showed a brave face, but, however, just before the last step was spring.

Silver Shortage Closing - Out China Banks

SHANGHAI, Feb. 2.—Two additional Chinese banks closed their doors here Friday, unable to meet cash demands as a result of China's silver shortage. Officials of foreign banks termed the financial situation "delicate." Two Chinese banks closed here Thursday.

The shortage is attributed to United States purchasing of silver from the fact that the annual Chinese silver purchase time is nearly ended.

Would Tax Fats To Aid Cheese

MONTREAL, Feb. 2.—The principle of a levy of one-half per cent of butter fat in all milk and cream was formally approved Friday at the 37th annual meeting of the Canadian Association of Dairy Producers. The levy was derived from such a levy to be used in the assistance of cheese production in the Dominion.

In none of the judgments favoring the ex-premier was the finding of the jury as to the seduction disputed. The verdicts in his favor were solely as to whether the girl had suffered damages as a result of the seduction.

Chief Justice Harvey, Mr. Justice C. R. Mitchell and Mr. Justice Frank Ford, the latter a member of the trial division of the Supreme Court of Alberta who was called in to the appeal following the sudden illness of Mr. Justice A. A. ROOSEVELT WANTS TO PRESENT SCHEME TO CONGRESS SOON

U.S. Administration Maps Out New Design for Security Plan Saving Six Sum.

WASHINGTON, Feb. 2.—Significant changes in President Roosevelt's social security plan designed to take the cost of charity off unemployed insurance and to save the government several hundred millions a year, were reported Friday to have been mapped by administration officials.

These changes, it was asserted in an informed quarter, would be presented to congress next week, accompanying effort would be made to hurry enactment to the 41 state legislatures meeting this winter could put through curative laws.

Roughly, and although some modifications may be in order before the suggested recommendations are submitted, it was they would include:

1.—Transfer of administration of the unemployment insurance fund from a new social insurance board to treasury.

2.—Elimination of federal department of labor's annual "unemployment" statistics.

3.—Possible extension of farmers, domestic and casuals from the pension and job insurance provisions of the bill. This change, it was said, has been definitely agreed upon.

MUST SPLIT HIS RADIUM CLAIMS WITH WIFE

A 50-50 division in the profits accruing from the operation of a reputedly rich radium claims was ordered by Mrs. Justice Maclellan in a recent supreme court judgment rendered from Friday afternoon after efforts by counsel to settle out of court the action brought by Mrs. Justice Maclellan and her husband, Alvin Roger Kerr, and the late, late syndicate, Geo. A. Moore, for the plaintiff, while the husband was represented by H. J. Maclellan.

The six claims in question were stated by Mrs. Justice Maclellan in the early spring of 1934, when Kerr returned from the summer of 1932. As the ground floor of the new discoveries at Hottel, Fort Rader and Great Bear Lake. The claims were stated on a miner's license made out in the name of Kerr, however, as her husband was the sole proprietor of Great Bear Minerals.

COUPLE ENTRANCED

The Kerrs had been married for four years and farming out at Namoo, when Kerr set off for the north in the summer of 1932. As he made his fortune in the new mine, the Kerrs were in the arms of Kerr and his wife, while the wife stayed in the city.

The couple became entranced in the spring of 1934, when Kerr returned from the summer of 1932, and following negotiations between them, the Kerrs were to receive 10,000 shares to close out all claims against him. The syndicate has since been organized on a 50-50 basis.

Calling in counsel after two days at out-of-court settlements had failed, Mrs. Justice Maclellan ruled that the woman was to receive one-half of whatever it realized in the summer of 1932.

FIFTY-FIFTY FAIR

His Lordship said that he was satisfied that the plaintiff, Mrs. Kerr, was legally entitled to be the owner, but in view of the way in which the claims had been discovered, it would appear that the husband is entitled to half share. Costs were awarded against the husband.

The case was the first litigation over radium claims to reach the supreme court here from a lower court, instead of being between rival capitalists, it was between husband and wife.

Alice Bradley, 22, Dies Under Mysterious Circumstances

Taken ill on last Sunday and rushed to the Royal Alexandra hospital Monday morning, Alice Bradley, 22-year-old waitress of the Adelphi Cafe, 101 street, died in the hospital Friday, under circumstances which are being investigated.

Working quickly and quietly, police were reluctant to discuss the case and word of the girl's death was not made known until police headquarters Friday. However, Detective William McDonald, police officer, was busy Friday night rounding up witnesses for an inquest which is being held for early next week.

Although no statement was forthcoming from authorities, it is reported that Miss Bradley died of the effects of what is alleged to have been an illegal operation.

Her parents are due to arrive in Edmonton Saturday from the coast to spur the investigation into the death.

Up to last Monday, Miss Bradley was living with Josephine Graham, 18, also a waitress in the Adelphi Cafe, the two girls rooming in the kitchen block.

Friday night reports Friday night, Miss Graham related the events of last Sunday night with little hesitation.

"I was away all day Sunday," she stated, "and when I came in at night to dress for the late shift at the Adelphi, I found my daughter in a semi-conscious condition on the floor. Her flesh was blue colored and she was lying in a pool of blood. I stayed with her all night. Monday morning she showed no improvement and I took her to medical attention and she was removed to the hospital."

"I talked with her some time before she was taken ill and she said that she would have been somewhere in June. I know that she was making money in the city but I was never able to learn its location."

WORE FOR LIQUOR

According to Miss Graham, the case had its beginning in a woman's party in a down town hotel last week. Miss Graham, who is a waitress in the Adelphi Cafe, is reported to have been the mistress of the party. She was seen by her friends to be in a state of intoxication.

Her friends charge that while she was in the state of intoxication, she was seen to be in a state of intoxication, she was seen to be in a state of intoxication, she was seen to be in a state of intoxication.

"I went to see this man later at the home of Alice Bradley," said Graham, "but he refused to do anything. He said he had no money."

ESTIMATES FOR CITY HOSPITAL ARE \$364,000

Estimates totalling \$364,000 were passed by members of the hospital board for submission to the city council at a meeting held at the Royal Alexandra hospital Friday evening. The estimates are \$121 over those of last year.

Administration expenses are \$18,000 less than in 1934, but professional care of patients is increased by nearly \$3,000. A reduction in last year's estimates for the city hospital is \$1,000.

Monkeys Lead Officers To Scene Of Murder

LONDON, Feb. 2.—The strange story of two monkeys that disclosed the slaying of their master and later indicated the alleged culprit was a result of their playing the part of a murder trial in Best.

If admitted, their amazing "testimony" will set a precedent in British courts.

An English showman disappeared from the forest of Conilla, Bengal. He was known of his fate only through the story of a monkey. The monkey was found in the forest, swinging out of the forest, chattering madly.

The showman's wife took the monkey to the police station. From there, the monkey was taken to a spot in the forest where it was found, and the monkey was found to be the culprit.

Interest Takes It All

By R. T. ELLIOTT, K.C.

Take the instance of a farmer who raises some money on a mortgage and buys some equipment on lien notes so that his total interest liability is six hundred dollars per year. This is a small instance.

With dollar wealth and a net cash income after paying running expenses of twelve hundred dollars per year, the farmer could pay the six hundred dollars for interest and have six hundred dollars left. With fifty cent wheat the interest would eat up all the profit. This is what always happens to everything and to everybody from the National Government down through Provincial Governments, Municipalities, public utilities, railway companies, trading companies and individuals.

Taking a partner into a business on an agreement that he receives a third profit whether the undertaking succeeds or loses is a certain source or later to eat up all the substance and leave the working partner with the shadow.

The primarily and most destructively direct effect of this divorcing process is on municipalities—because municipalities enjoy no power of direct taxation strictly limited to a prescribed list, and must have recourse to taxation on land as the main source of revenue. The landowner is under liability to pay these taxes whether his land is producing any revenue or not, and whether the Municipality can keep its annual expenditures within its annual collections or not.

The result is that the Municipality from time to time issues bonds and gets itself tied up in interest liability, and when the taxes increase the interest liability is producing any revenue or not, and whether the Municipality can keep its annual expenditures within its annual collections or not.

This is a progressive condition—and not a theory. It was not interest or anything else that has happened to the farmer could pay a drastic remedy; and that remedy must be provided by the Federal Government, because the Provinces have no money issuing powers; and, in addition, are caught in the interest net themselves.

Taking security by means of a sinking fund on specified revenues, made a first charge by the combined effect of federal and provincial legislation, there would be no risk of loss and there would be complete recovery of the real estate values and, in a policy of issuing federal legal tender to pay off all municipal bonds now—and retiring this legal tender as sinking funds are collected and paid to the Receiver General.

The existing inflation would be lessened by the amount of the interest liability which would be paid off by the federal government—being secured. The bondholders would be very glad to get it. This is an honest and effective policy.

NEW FLOODS MENACE B. ISLAND ZONES

Melting Comox Snows Bring Rolling Waters In Wake of Storm

VANCOUVER, Feb. 2.—New floods that rolled across the mid-western portion of Vancouver Island last night held the watchful eyes of guards stationed along the Courtney and Puntledge rivers.

Melting snows along the high mountains of the island have brought in their wake the worst flood conditions in 50 years, government officials reported. The island highway is under water and several buildings in the town of Comox are inundated.

The rain swept the island all day slackened, leaving many roads and cellars under water. Valley residents were warned to evacuate their homes as the water continued to rise. At Cumberland and Courtenay where flood waters poured over the dam at the lower edge of Cumberland, the water was 10 feet above the normal level.

Thousands of acres were inundated and hundreds of families driven from their homes. The water level at Cumberland and Courtenay where flood waters poured over the dam at the lower edge of Cumberland, the water was 10 feet above the normal level.

Raising Indian Fund

At the annual meeting of the Indian Fund, held in the city of Vancouver, a large sum of money was raised for the benefit of the Indian population.

TRADE EXPANSION AND EMPLOYMENT

Editor Bulletin: According to the records of the Dominion Bureau of Statistics, the value of Canada's imports and exports of goods never balanced in any one year. There was either an adverse or a favorable balance. The records show that after an adverse or a favorable balance, the balance was never in the "plus" column. This is a fact which should be of great interest to all Canadians.

NOT A RHEUMATIC PAIN FOR 4 YEARS

70-Year-Old Man Praises Kruschen
A man who once suffered severely from rheumatism writes:
"For a long time I suffered with rheumatism, and at one time was laid up for about nine weeks. About three years ago I was advised to try Kruschen. I did so, and have continued using it ever since. Kruschen did the trick, as I have not had a rheumatic pain for over four years. I am nearly 70 years old and feel fine, and always able to do my work—house and garden work—without any trouble."

What New York Is Wearing

By Helen Williams

Every wife writes her own picture for her husband and he treats her exactly as she demands to be treated. If she demands to be treated with respect and consideration, she gets it. But if she submits to being treated like a slave and obedient, she gets that. If she meekly bows her head before insult and abuse, she gets the same. It is a law of life.

A woman whose husband was noticeably gallant in his attitude toward her once told me that soon after she was married she was making a ride with her husband and suddenly he took offense at her. He said she was "too good for him." Very quickly she opened the carriage door and told him to get out. "You can talk to me like that," she said, "but you can't ride with me. You have to treat me like a man, you have to treat me as if you were my equal. If you don't, you can't ride with me." And that was that, and the end of her husband's riding on his little pony on the road.

A proper self-respect demands that our friends should treat us with respect, and they do not value us unless we make them do so.
—DOROTHY DUNN

Here is a dress that will appeal to amateur and expert sewer alike. It is so easily made, being a one-piece affair, which means practically only side and shoulder seams to join. Pin inverted and give an inch of ease at the waistline. The material used for the original was a lovely, soft material in all green, which by the way, is the color of the year. The skirt is 36 inches long, and the bodice is 16 inches long. The skirt is 36 inches long, and the bodice is 16 inches long. The skirt is 36 inches long, and the bodice is 16 inches long.

What's What

Question—What is the proper way to accept an invitation to a home or out of town? Answer—I name the guests indicated in the letter of invitation. L. L. B. Answer—Excuse pleasant invitation of meeting the guests named by your hostess. Be sure to indicate the train by which you expect to arrive and depart. If you are not an intimate friend, begin the letter "My dear Mr. or Mrs. so-and-so." If you are a friend, begin "Dear Mr. or Mrs. so-and-so." "I shall be pleased to come over on the 10 o'clock train on Monday morning. Will you let me know if I have an appointment before then. It will be fine to see the De Gays and Dr. With thanks, believe me, sincerely yours, Louise Rice."

Belamy Pleads Part-Time Work Instead of Firing

Three Aldermen, Two Commissioners Will Make Recommendations To City Council.

The aldermen and the two city commissioners will study the Belamy report and submit their recommendations to city council. This committee will hold its first meeting Monday at 4 p.m. At a special meeting of council Friday it was decided on the motion of Ald. H. B. Almy to expedite the handling of the voluminous report by the aldermen and the two city commissioners.

The committee will be composed of the aldermen and the two city commissioners. It will be the duty of the committee to investigate the feasibility of giving employees part-time work instead of firing them. Some of the employees are between 40 and 50 years of age and if deprived of work they wouldn't get another job for the rest of their lives," he declared.

Members of the committee are Ald. J. T. McCreath, chairman, Ald. J. W. Fry, Mayor J. A. Clarke and Commissioner David MacLeod. Neither the mayor nor the commissioner will have voting power, but will in an advisory capacity to the committee.

K. Whitten, who conducted a week's survey of departmental employees, submitted to council the voluminous report. He believes that \$200,000 could be saved if council followed his recommendations.

RIGHT TO VOTE
Speaking to Ald. Almy's motion, B. V. Belamy said it would be advisable to appoint commissioners as members of the committee and also to give them the right to vote on recommendations.

Commissioners asked to council and advisory capacity to council and also to give them the right to vote on recommendations. Ald. Fry felt that commissioners should be allowed to vote in this case. "They should have a real say in what is proper to do," he said, adding that commissioners should meet as soon as possible so that the mill rate will be struck without delay.

"ON THE SPOT"
We should put Commissioner Mitchell on the spot, giving him a vote," objected Ald. R. E. Fode. He pointed out that none of the recommendations in the Whitten report had to do with administration, and it was his opinion that Mr. Mitchell should remain free to give his advice to both the committee and to council. He could not do this if he committed himself by voting.

Ald. Almy gave his support to this argument, but he suggested the Mayor Clarke be given a vote.

WILL ADVISE
"I haven't the right to vote and you (the council) can't give me that power. But I am ready to act in an advisory capacity," declared Mayor Clarke.

Council finally decided that only the three aldermen should vote on the committee's recommendations. At its first meeting Monday the committee will question the supervisors of the departments with a view to learning the reasons for the changes in departmental organization proposed by Mr. Whitten.

Commissioner John Mitchell, head of the Salaries and Pensions Canada, Bermuda and Alaska, will arrive in Edmonton next Friday to conduct a series of meetings in this district and also hold a series of officers' council. Divisional Commander Major Joseph Aronson is in charge of the local arrangements.

SLIM CHANCE OF AIR MAIL SERVICE YET

President of Fairchild Aircraft Firm Visiting Edmonton

"If we ever get an air mail run it will have to be a service that can compete with the United States air mail service," said Herbert M. Fairchild, president of the Fairchild Aircraft firm, who arrived in Edmonton this morning on a tour which has taken him over the entire Dominion.

The building rights of the American design of the Lockheed Electra plane, used exclusively in the United States for mail flying, had been recently acquired by Mr. Fairchild. This type of machine, with its great speed and general utility was the best type for air mail service, in his opinion.

GREAT IMPROVEMENT
"The chances of an air mail service in Canada at present seem very remote, but there is still hope," he said. "I don't think it is entirely impossible that we will eventually be one there, cannot be the slightest doubt," he declared.

Conditions in aircraft construction, stated Mr. Fairchild, had shown great improvement during the last few years. "I am sure that we will be able to produce a machine now approximately a hundred times as fast as the machines now in use," he stated.

PRIVATE FLYING
Speaking of private flying, Mr. Fairchild stated that it was a great advantage to have private flying in Canada. This, he stated, was especially so over the mountains and from Winnipeg east, where heavy fogs over the mountains made it impossible to fly.

GREAT DISADVANTAGE
Private flying in Canada, stated Mr. Fairchild, was also at a great disadvantage where weather was concerned, while in the United States it had to be covered would also be covered very much more actively in this case.

"ON THE SPOT"
In this country people cannot hop in a plane and fly over for a day or two, as they can in the United States. "Here, an air trip means one of hours or even days of flying, and the chance of taking one's life in one's hands," he declared.

SYNCPATING LASSIES NOW AT STRAND

Canada's Only Girls' Band Here to Fill Stage Engagement

A musical variety, capable of pleasing a range of tastes from the simple to the sophisticated, and intriguing synchro-pations of the rhythmic dance form will entertain Edmontonians who visit the Strand theatre, where Sara Levine and her Melody Maids, well known to all radio fans as the Melody Girls, will commence their engagement.

Although the girls are only 18 years of age, they have a reputation in Edmonton as the "Melody Girls" and have been featured in the Strand theatre for some time.

The girls are a fine example of the kind of talent that is being developed in the Dominion. All of them are graduates of the University of Alberta and have been trained in the art of music.

Violations are provided by Miss Dorothy Roberts, whose charming voice has been heard on the radio for some time. Her numbers provided by these girls are of a high standard and include instrumental solo, duet, and trio.

AT SUMMER RESORT
During the summer months of last year this all-star radio orchestra, which is now touring the Dominion, were playing night after night at the Strand theatre.

While in Winnipeg, the girls, who came direct from their 1934 tour, were constantly in demand for radio broadcasts. They also entertained at several of the leading hotels and were heard at all the larger theatres in this city.

BRIGHT VARIETY PROGRAMS
Their programs are full of variety and are of a high standard. They are a fine example of the kind of talent that is being developed in the Dominion.

Miss Sara Levine, the youngest member of the band, is a fine pianist, with an excellent command of the piano. She is also a fine singer and a fine dancer.

MR. SONG BOOK
Miss Dorothy Roberts, known as the "Song Book" girl, is a fine singer and a fine dancer. She is also a fine pianist and a fine violinist.

DEBT BOARD
The management and staff of the Provincial Debt Adjustment Board entertained at the Corona hotel a banquet and social evening on Friday in honor of Mr. and Mrs. P. H. Wedderburn.

Mr. Wedderburn, who has served on the board of directors of the board for the past five years, is a fine speaker and a fine leader. He is also a fine manager and a fine administrator.

WIDE ACCOMPLISHMENTS
Given Lutz, hunch and guitar and Melodine Kenton, who plays not only the violin but the trumpet as well, have surprised everyone with their wide range of accomplishments. Not only are these girls a wonderful support to the band but they are also capable of giving a performance in solo work that would please the most exacting of critics.

LAST-MINUTE RALLY AID TO WHEAT PRICES

WHEAT—Feb. 2.—Last-minute announcements lifted wheat prices from the lowest points on the Winnipeg grain exchange today. Values opened at 40¢, a cent higher than the previous day's closing. The rally was aided by a report that the U.S. government had decided to sell 100,000 bushels of wheat at 40¢ and 41¢, and by a report that the Canadian government had decided to sell 100,000 bushels of wheat at 40¢ and 41¢.

FISHER TRIO ADRIPT UPON ONTARIO ICE

Wind Carries Floes Five Miles Offshore — Life-Saving Tug Called

BRONTE, Ont., Feb. 2.—Three fishermen, held in the grip of impenetrable and shifting fields of ice were drifting helplessly more than five miles offshore from here last night.

A rescue boat containing five men was unopposed for several hours after it had set out, but watchers on the shore were expecting its return momentarily.

Relatives of the fishermen admit being plunging their hopes on the tug of the Toronto life-saving service, which set out for here early last night piloted by Captain William Pickard, a former throne-fisherman himself, who knows the vagaries of the water and ice-floes of Lake Ontario.

The three men, all residents of this village which is situated about 30 miles west of Toronto, are Bryan

Man Times Mighty Colorado

BOULDER, Colo., Feb. 2.—For the first time in its history, which geologists say is some 3,000,000 years, the turbulent Colorado river was halted Friday and brought under control for the benefit of man.

As dawn lifted the parapets of the greatest dam in the world, 127 feet high, six hasty workmen sped away the last threat of earth fill around diversion tunnel No. 1 on the Nevada side. A trickle of water soon grew into a healthy stream and washed into the entrance of the tunnel. Then a 3,000,000-pound steel gate on tunnel No. 4, on the Arizona side, went down, and the river was dammed.

That gate, 12 feet thick, tamed the Colorado.

Roosevelt's Auto Code Fails to Satisfy Demands Of Federation

WASHINGTON, Feb. 2.—The rift between the American Federation of Labor and the Roosevelt administration became wider when the Federation's policy-governing executive committee demanded renewal of the auto code and termed some presidential advisers "hostile" to labor last night.

TUXIS BOYS' MAJORITY IS CELEBRATION

Large Body Attends Conclave and Trail Ranger Grand Camp

Rev. R. W. Hubbard, provincial secretary of the Boys' Work Board, was a visitor in the city last week-end in connection with the Tuxis (Tuxis and Trail Ranger Grand Camp) and the combined rally of both groups.

Celebration of the 25th anniversary of the Tuxis Trail Ranger movement was the object of these meetings, and Rev. Hubbard drew special attention to the splendid progress of this work in the intervening years.

Groups assembled for "Tuxis" at the Presbyterian Church, and for "Trail Rangers" at the United Church, and others, heard him speak.

At the Tuxis group comprising a total of 100 boys, Rev. Hubbard said that the Tuxis Trail Ranger movement was the only one of its kind in the world, and that it was the only one that was not a "club" but a "movement".

He also said that the Tuxis Trail Ranger movement was the only one that was not a "club" but a "movement".

BOYS TOWN, Neb., Feb. 2.—You've never seen a story with this dateline before. But it's correct.

Boys Town is the newest town in Nebraska, and its aptly named, for its population is made up almost entirely of boys ranging in age from 8 to 16, about 200 of them.

The town's government is a model of a town's government, and it is a model of a town's government.

Tech Hi Tuned Into Big Rehearsed Stage

By Busy "Dramatech"

Students Working Hard on Production of Two Clever Plays

Wherever we turn around the corridors of Technical High School, these days, we run into some dramatic group or other. It may be a lot of students rehearsing the technically famous play "A Doll's House" or the equally famous play "The Taming of the Shrew".

The schoolwork shop seems to be turned into a rehearsal stage, and the students are working hard on the production of two clever plays.

Where Are We Going?

By Ramsey Little

A Weekly Column Edited in the Youth of Alberta by the Edmonton Young Men's Liberal Club.

THROUGHOUT the world we are seeing a gradual increase in governmental expenditure. Debts piled upon debts. Interest rates upon interest, until the whole world is in a state of financial collapse.

In Canada the increase has been on the same lavish scale. Schemes of a social future including, debts, work-camp, public works, farm loans, agricultural rehabilitation, what are they? They are all the same.

In other class-rooms, when lessons are over, the Glee Club warbles brightly in their practices of choral number to be sung between acts of the show. Members of the staff are wholeheartedly supporting the students. Mr. John Rule is training the singers. Mr. Kidd is administering the business end.

The whole production is under the charge of Mr. E. M. Jones, who is also the director of the school's dramatics. He is a man of many talents, and he is a man of many talents.

OUTLOOK GOOD FOR BIG YEAR IN ELECTIONS

Canadians to Vote for New House of Commons and Three or Four Provincial Legislatures During 1935.

By CHARLES BRUCE
OTTAWA, Feb. 2.—If politics exist as a fire-breathing thing in 1935 the old-timers of that day will look back four decades to a year of many battles. Not since 1895 has Canada faced the prospect of so much voting as the year 1935.

Main action of the year's political activities will be, of course, the Dominion general election; but at least three and probably four provincial elections will be held. In Alberta, New Brunswick and Prince Edward Island must choose new legislatures. Quebec probably will. Should the provinces decide to call their voting for Federal election day, a situation unique in Canadian history would result, but there are precedents for simultaneous Dominion-provincial voting on a smaller scale.

VOTED TIES
The Dominion and Nova Scotia voted twice on the same day, September 17, 1870, and June 20, 1902. On two occasions in the past century, voters in the Dominion and one or more provinces voted together: Alberta and New Brunswick, June 19, 1900, and Saskatchewan and Ontario on June 19, 1905. Back in the Confederation years the federal election was held from August 7 to September 20, and during that period the Dominion and several provinces voted.

Analysis of Canada's political history shows that in 1906 elections were held in Canada, Nova Scotia, Saskatchewan, New Brunswick, Prince Edward Island and Quebec, but at different days. Away back in 1880 a record was set when all the four provinces within a few days elected their legislatures. Alberta and Saskatchewan were not then provinces.

FEW BARREN YEARS
The Dominion has had few years free from activity around the clock in a line through which the political fortune flows. After Confederation there was no necessary lull until 1871, when the federal provinces went to the polls.

From that day down to the only five years were barren of both Dominion and provincial politics—17, '90, '94, '99 and 1913. In 1913, however, in 1871 and 1891, only Dominion elections were held.

An election is not a barren year in Quebec this year, where the statutory term is five years; but the reduction of the province to two four-year terms and there has been no indication a new precedent will be set.

De-Icers Now Used By United Nations
No longer does the threat of ice storms on a winter wing and tail surface need to bother pilots of United Air Lines flying between Seattle, California and Los Angeles.

A new device, which automatically clears off ice being installed on United's entire fleet of three-engine biplanes flying between Seattle and Los Angeles, was announced yesterday. Most of the planes operating in and out of Seattle already have been equipped.

Thunderbolt-shaped blades of specialized fabric covered with hot wax-fused wax, which have been installed on the wings and tail surfaces, are inflated and deflated alternately by air pumped from an apparatus driven by the engine. The wax-fused fabric which is formed thus is cracked and blown off by the wind stream.

FARMERS MUST ADHERE TO BOARD RULES

Waive Rights to Pay Debts When Adjustment Act Work

A stern warning was issued Friday morning by Mr. Justice A. F. Ewing, chief commissioner of the Board of Review appointed under the Farmers' Creditors' Arrangement Act, that "serious action would be considered against farmer debtors, who, having sought relief under the act, had proceeded, after making a disposal, to pay off certain of their debts."

Mr. Justice Ewing called attention to the terms of the act, which provided that as soon as the farmer-debtor made application to an official receiver he placed all his goods and chattels under the direction of that official and waived right to dispose of the property until release had been obtained, either by withdrawing or having a receiver appointed.

VEGETABLE CASE
During a hearing Friday morning it was disclosed that a "Vegetable" district farmer had paid off several small debts after putting his affairs in the hands of the official receiver under the act. The commissioners held the view that such action was prejudicial to the interests of the other creditors, as well as being against the terms of the act.

GENEROUS WHITE-DONORS
A Viking district farmer who attributed his inability to meet debt to serious illness in his family and successive loss of crop through hail, was given a voluntary generous concession by the Bank of Montreal. Frank P. Paine, manager of the Edmonton branch, stated the farmer was of excellent character, but had run into the worst kind of ill-luck during recent years.

"It will be impossible for him to continue conventional farming," said Paine, "and the bank is prepared to write down its claim of \$3,500 to \$1,500 to enable this farmer to re-establish himself." In such cases, other creditors advanced generous proposals for cancellation. The board reserved judgment.

Shrapnel Splinter Is Scatch To Hero
MUNICH, Feb. 2.—Jacob Kupper of Eppensheim, Southern Bavaria, a World War veteran, was operated on in the local clinic for a splinter of shrapnel which he picked up in the back of his head during the fighting with a Russian regiment in Rumania in 1916.

The executive requests that every ex-soldier make an effort to attend together with their comrades for the purpose of re-education.

Are Your Glasses Right?
A periodical check-up by our Optical Department will tell you whether they suit the condition of your eyes. New Corneal, Tiller and Truslow lenses are ground in just that quality only—quickly and accurately.

Do They Look Up-To-Date?
Why not have one of the modern, becoming styles? We have them moderately priced, and our expert fitter will help you to make the best selection.

THIS CURIOUS WORLD

by JULIAN FERGUSON

WOODCHUCKS, OR GROUND-HOGS, ARE FOUND IN EUROPE AND ASIA, AS WELL AS IN THE UNITED STATES. THE NAME WOODCHUCK HAS NOTHING TO DO WITH THE ANIMAL'S HABITS, BUT IS BELIEVED TO BE A HANGOVER OF THE INDIAN NAME "OTCHOEK."

THEIR FONDNESS FOR GREEN VEGETABLES HAS MADE THEM THE TARGETS FOR THE RIFLES OF NEW ENGLAND FARMERS.

BUT THE WOODCHUCK CONTINUES TO THRIVE AMIDST CIVILIZATION, AND IS AS MUCH A PART OF NEW ENGLAND TRADITIONS AS THE YANKEE NATIVES THEMSELVES.

AFTER THE FAMILY CARES ARE OVER, THE CHUCK SPENDS THE LONG SUMMER DAYS EATING CLOVER AND DOZING IN THE WARM SUN-SHINE.

WINTER FINDS HIM ASLEEP IN HIS DEN, FAR BELOW THE SNOW AND COLD. FOR SEVERAL MONTHS, HE LIES IN A DEEP SILENT SLUMBER.

THEN... ACCORDING TO SUPERSTITION... HE COMES FORTH ON FEBRUARY SECOND, LOOKS ABOUT HIM, AND, IF HE SEES HIS SHADOW, GOES BACK TO SLEEP FOR ANOTHER SIX WEEKS.

AS A MATTER OF FACT, WEATHER SEEMS TO HAVE LITTLE TO DO WITH THE GROUNDHOG'S SCHEDULE. HE OFTEN GOES TO SLEEP IN MILD WEATHER, AND DIGS HIS WAY OUT THROUGH A SNOWBANK IN THE SPRING.

TWO MORE TUBS TAG, AND IT'LL BE SLIPPERY AS THE DICKENS BEFORE MORNING!

BOY! THEN'S WHEN WE GET TO WORK!

GOSH, MISTER, IF YOU TRY TO WALK DOWN THIS HILL, YOU'LL BREAK YOUR NECK! WE'LL TAKE YOU DOWN SAFELY, FOR A NICKEL!

OKAY!

YOU'RE THE FOURTH PASSENGER THIS MORNING... AN' WE JUST STARTED!

THIS IS AS FAR AS I GO!

HOW ABOUT YOU, MISTER? ONLY FIVE CENTS!!

I WON'T PAY FIVE CENTS TO ANY RACKETEER!

SEE, FOLKS, THAT'S WHAT HAPPENS WHEN YOU TRY TO BUCK US!

I GUESS THIS IS A LOT BETTER THAN TRYING TO WALK DOWN THAT HILL!

YOU'RE A SMART BOY FOR THINKING OF IT!

LISTEN! YOU KIDS ARE DRIVING BUSINESS AWAY FROM MY STORE! THAT SLED OF YOURS SCOOT'S 'EM RIGHT BY!!

MINE, TOO! AND ALL THE OTHER STOREKEEPERS FEEL THE SAME ABOUT IT!!

WE'LL SELL OUR BUSINESS OUT FOR SEVENTY-FIVE CENTS, CASH!

I THINK A POLICEMAN SHOULD BE CONSULTED, MR. GROSS!

IF THOSE KIDS CAN COLLECT A NICKEL FROM PEOPLE, THEY HAVE EVERY RIGHT TO DO IT! I WON'T STOP THEM!

HERE'S THE SEVENTY-FIVE CENTS!

ALL OF THE MERCHANTS CHIRPED N—NOW, CLEAR OUT!

WELL, YOU'VE MADE QUITE A BIT OF MONEY—WHAT ARE YOU GOING TO DO WITH IT?

BUY ANOTHER SLED, A NEW TUB, AND THEN LOOK AROUND FOR ANOTHER HILL!!
